

## HIGH SCHOOL PARAMETERS FOR HYBRID RETURN

### High School Hybrid Instruction

As we prepare to return students to in-person instruction, Calvert County Public Schools (CCPS) will follow an A/B Week format. In this format, half of the students who chose the hybrid model will report to school for four full days each week, while the other half of the hybrid students participate in distance learning at home, alternating each week. Students who chose the virtual model will learn from home every week. Fridays will continue to be asynchronous days.

### Changes for the 3<sup>rd</sup> Marking Period

Moving to hybrid instruction requires high schools to make additional schedule adjustments that will affect both hybrid and fully virtual students since both groups are in class together. The high school day will begin earlier, starting on February 22, to accommodate the number of bus routes on the new four-tier system.

**Hybrid instruction will begin on March 8. The Department of Transportation will notify families of bus schedules via an email on March 2.**

Below are the schedules for the high schools. Principals will communicate details to the community.

#### 1. Week of February 22

- a. Students attending the Internet Café will report at 7:30. Families will be notified of bus pick-up times.
- b. High schools will begin the 7:30 start time for virtual classes.
