

MIDDLE SCHOOL PARAMETERS FOR HYBRID RETURN

Middle School Hybrid Instruction

As we prepare to return students to in-person instruction, Calvert County Public Schools (CCPS) will follow an A/B Week format. In this format, half of the students who chose the hybrid model will report to school for four full days each week, while the other half of the hybrid students participate in distance learning at home, alternating each week. Students who chose the virtual model will learn from home every week. Fridays will continue to be asynchronous days.

Changes for the 3rd Marking Period

Hybrid instruction will begin on February 22 for students in grade 6 and on March 8 for students in grades 7 and 8.

All middle schools will start at approximately 8:20. The dismissal time will be 2:40. Because CCPS will have four tiers of bus routes to allow for social distancing on buses, Northern Middle and Calvert Middle students will not ride the bus with Northern High and Calvert High students as they have done in the past. On February 17, the Department of Transportation will email bus pick-up and drop-off times to families of students in the hybrid model.

Since the daily schedule of each middle school is slightly different, all principals will email their schedule to the school community.
